DEPUTY SECRETARY
PUBLIC WORKS DEPARTMENT

From

Sri G.Simhadri, B.E.,
Project Executive Officer,
Mangalore.

To

4548

The Director of Community Projects
and Ex-Officio Secretary to Govt.,
Fort St.George, Madras 9.

.....

Sir,

COMMUNITY PROJECTS - South Kanara - Communications - Hume Pipes from the Indian Hume Pipe Co., Ltd., - Placing of Indent under I.S.D. rate contract - Authorization - Requested.

.....

The construction of a large number of culverts will be necessary in this Project area. In the estimates already submitted, provision has been made for the construction of hume pipe culverts of different diameters and it is proposed to construct the same type of culverts in the entire project area wherever possible. The Hume pipes required for these culverts have to be purchased from the Indian Hume Pipe Co., Ltd., There are two rates for these pipes, viz. the public rate and the I.S.D. contract rate. The public rate is higher than the I.S.D. contract rate. If the villagers are to purchase the pipes required for individual items, they will have to pay the public rate. This procedure will also lead to delay because, the villagers will find it difficult to obtain their small requirements in time. On the other hand, if the pipes are purchased by the Community Project in bulk quantities, only the I.S.D. contract rate need be paid, which is less than the public rate. If the pipes are stocked in sufficiently large quantities, there will also be no chance of the works being held up for want of these pipes. I understand, that special authorization is necessary for placing the indents under the I.S.D. contract. Once this is granted, indents can be placed for the pipes as and when they are necessary. I, therefore, request that I may be authorised to indent directly with the Indian Hume Pipe Co., Ltd., for the pipes required in this area.

2. As some of the estimates have already been sanctioned and the construction of the culverts has to be taken up urgently, I request that necessary authorization may kindly be issued to me as early as possible.

PROJECT EXECUTIVE OFFICER. 7-3

Ltr. No. 4548 - Pub (C.P II)/53-1 Dt 28 3.53.

To

The Director General of Supplies & Disposals
New Delhi. Shah Jehan Road
New Delhi (With Annexure)

Sir,

Sub. C.P.s - Indents under I.S.D. Contract - Inclusion of Names of P.E.Os in the list of Direct Demanding Authorities - Requested.

I am directed to state that a large number of Culverts with Hume pipes of different diameters have to be constructed in the Project Areas in this State under the C.P. Development schemes & that it is proposed to purchase the required Hume pipes in bulk quantities at I.S.D. Contract rates so as to avoid delay in procuring pipes required for each work in small quantities & pay of higher charges at public rate to be by the Villagers who contribute to the work & by the Project Executive.

I am therefore to request that Six P.E.Os in this State whose names & addresses are given in the Annexure may be enrolled as Direct Demanding Authorities to place Indents on, Indian Hume Pipe Co., Ltd., for the required quantities of pipes. I am also to request that 7 copies of the Rate List/Code together with other relevant Rules & orders and sufficient number of Indent forms may be sent to this Govt for distribution to the P.E.Os for their use.

An early reply is requested.

Yours faithfully,

U.F.

...

From

Sri G.Simhadri, B.A.,
Project Executive Officer,
Mangalore.

Sir,

Sub: Community Projects - South Kanara - Communications - Hume Pipes from the Indian Hume Pipe Co., Ltd., - Placing of indent under I.S.D. rate contract - Authorization.

Ref: (1) This Office Ref.C.No.157/52-B dated 7-3-53.

....

Hume pipe culverts have been proposed for the roads in the Community Project. So, in this office reference cited, permission was applied for to place indents on the Hume Pipe Co., Ltd., for the required quantities of pipes under the I.S.D. rate contract. I have not received any orders in the matter so far. But from Government Reference No. 4548 Pub.(C.P.II)/53-1 dated 26-3-53, it is seen that the Director General of Supplies and Disposals, New Delhi has been addressed for enrolling the Project Executive Officers as Direct Demanding Authorities. The sanctioned works have been entrusted for execution, but no progress could be made as Hume pipes are required in most of these cases. From the progress report of the Project Executive Officer, Nandyal, for the quarter ended 31-3-53, it is seen that he has already received supply of Hume pipes required for his area.

I therefore request that early action may be taken on the reference, so that I can place the indent and start the works soon.

PROJECT EXECUTIVE OFFICER.

(4) This Office Ref.C.No.157/52-B dated 17-4-53.

******

I invite kind reference to my letter No. 4 referred to above. In Government Memorandum No. 2616 Pub.(C.P.I -52/7 dated 10-1-1953, instructions were issued to the effect that there is no objection or prohibition to get voluntary contributions from Panchayat Boards and that the works could be entrusted to them for execution. Several Panchayat Boards in the Project area have come forward with contributions and have undertaken to get the works executed. On the basis of this cooperation, several works were recommended for sanction and sanctioned by Government. But the Panchayat Boards concerned could neither give the contribution promised, nor undertake the execution of the works, as it is learnt that Panchayat Boards have been asked by Government in their Memo.No.4919/52/2-1 L.A. dated 4-12-1952 and No. 52074/52 L.A. dated 16-12-1952, not to take up any new work and incur expenditure thereon for the next two or three months or more pending the completion of elections. Elections to some of the Boards are yet to be held and even those Panchayats for which elections have been held, have not given the contribution, or taken up the works on account of the above orders. The matter was therefore brought to the notice of the Government in this office reference cited first requesting that the Inspector of Local Boards might be addressed to sanction the expenditure. With a view to the speedy execution of the works, it was also suggested that a general permission might be granted to the Panchayat Boards lying within the Project area to incur expenditure on sanctioned works in Community Project area. I have not received any orders in the matter. The foot-bridges, culverts, bridges and well works already sanctioned have to be taken up and completed before the monsoon sets in. If this is not done before the end of May, they will be postponed till next year. I, therefore request the favour of early orders permitting the Panchayat Boards to incur expenditure on Community Project works without waiting for the completion of elections. In many cases, particularly in serial Nos. 1 to 7 of my previous report, elections were over and yet sanctions on their resolutions have not been received. I request that the Inspector of Local Boards and Municipal Councils, Madras, may kindly be addressed to accord immediate sanctions to the Panchayat Boards to take up sanctioned works.

2. Hume pipes manufactured by the Indian Hume Pipe Co., Ltd., have been provided for the culverts to be constructed by the Community Project. The pipes have to be obtained from the Indian Hume Pipe Co., Ltd., under the I.S.D. rate contract. As requested in this office reference cited second, the Government have addressed the Director General of Supplies and Disposals, New Delhi, for enrolling the Project Executive Officers as Direct Demanding Authorities, in their Memo. cited third. If the permission is delayed, it will not be possible

very early orders permitting me to place orders for the Hume pipes with the Indian Hume Pipe Co., under the I.S.D. rate contract.

send a telegraphic reminder 5/5

Yours sincerely,

2-5-53

SECRETARIAT
28 MAY 1953
RECEIVED

Public (C.P.) Department.

Camp : Mangalore,
Dated 25-5-1953.

12232

On 25-5-1953, I inspected along with the P.E.O. the causeway in Baikampady road which is under construction. The sanction has been accorded in G.O.Ms.No.997 Pub. (C.P.) Dept. dated 14-4-1953 for Rs. 4,420/- for this work. The basement has been constructed and the Hume pipes are awaited. In connection with this, the P.E.O. and myself met the C.E. (H) who was camping at Mangalore on 25-5-1953 night and he promised to instruct ~~this~~ the Highways Engineer if he could spare the pipes. I also represented to him that if he could spare any cement, it will be welcome as after the commencement of the monsoon, the Highways Dept. could not spend any cement. He was kind enough to agree. On the morning of 26th, we saw the D.E. (Highways) and he told us that he would be able to spare some cement but he could not help us in the matter of Hume pipes, in view of the facts that his indents placed as far back as Jan. 1953 have not been complied with by the company and that his ~~talks~~ stock were nil. He will be seen to-morrow the 27th so that whatever cement is available with him will be taken over ~~by~~ or loan basis for the immediate construction of culverts and bridges. We had discussions with the ~~Dist~~. Dy. Regr., Mangalore and Sri Narasappayya, the President of the Wholesale Co-op. Society about the disposal of fertilizers. The thing is under negotiation and a separate report will be submitted as the Dy. Regrs. has promised to have a separat talk with the President and let us know on the 27th instant.

~~Shri M.N. Roy,~~
The Assistant Director (Supplies),
(Section S.H.I)
Directorate General of Supplies & Disposals,
Shah Jehan Road, New Delhi.

Sir,

Sub: COMMUNITY PROJECTS - Authorisation to the Project Executive Officers as Direct Demanding Officers.

I am directed to refer to the U.O.No.CSIB/209 (67)/IV dated 23/25-5-1953 from Shri G.L. Garg, Section Officer, and to enquire whether the P.E.Os of this State have been authorised to be Direct Demanding Officers under the I.S.D. Rate Contract.

2. I am also to add that the execution of most of the Government works under the C.P.Programme

p.t.o.

is held up as the P.E.Os are not able to procure materials under the I.S.D. Rate contract without your specific orders enrolling them as Direct Demanding Officers.

AGRICULTURE- Essential articles- Cement —
Periodi II- supply-
Govt. Memo No.1128 Pub(C.P)-III/53-3 dt:5-2-53

--

I submitted an indent for the supply of 100 tons of cement to the Secretary to the Government, Food and Agriculture, as directed in the above reference. This quantity was sanctioned and the Regional Honorary Cement Advisor, Coimbatore, was advised to issue authorisation in Govt. letter 1542 FP-VII B/53-5 dated 1.5.1953. The Hony. Cement Advisor issued an authorisation in favour of the Cement marketing Co.,Limited Coimbatore for 100 tons. When I contacted the Cement Marketing Co. I am advised to get my name registered as a Direct Demanding Officer under the Rate Contract with the Director General of Suppliesa and Disposals, New Delhi in case the cement is desired to be made at rate contract. I request that the matter may be taken up with the Director General of Suppliesa and Disposals and get my name enrolled as a Direct demanding officer.

P.T.O

23 tons of cement from the allotment of 100 tons have been arranged to be sold to the Panchayat Boards at public rate. It is pointed out the rate per ton as per rate contract is only Rs.64-12-0 whereas the public rate is Rs.83-4-0.

.....

Sir,

Sub: Community Projects - South Kanara - Hume pipes - Purchase of under the I.S.D.Rate - Contract - Sanction - Requested.

Ref: 1. Letter No.4548 Pub.(C.P.II)/53-1 dated 26-3-1953.
2. No.SHI/RC/3683/IV/53 dated 26-5-53 from the Director General of Supplies and Disposals, New Delhi.

*****

I have been included in the list of Direct Demanding Officers for Hume Pipes, forwarded with the communication cited second of the Director General of Supplies and Disposals, New Delhi. According to the instructions forwarded by him, orders have to be placed with the Contractor direct, for the Hume pipes required.

2. Provision has been made in the estimates for the construction of hume pipe culverts. The estimates have been sanctioned by Government. No separate sanction of the Government therefore seems necessary for placing orders and purchasing the hume pipes for which provision was already made in the estimates which have been sanctioned by Government. But according to the powers delegated to Project Executive Officers to incur expenditure on purchase of stores in G.O.Ms.No.2449 Pub.(C.P.)Department dated 15-10-1952, expenditure can be incurred up to Rs. 1,000/- for single item of raw material where the purchase including piling is made against sanctioned works. It is not clear whether this means that the sanction of the Government is necessary in case the cost of hume pipes intended for a particular work exceeds Rs. 1,000/- As the estimates are sanctioned by Government, it does not seem necessary that sanction of the Government should be obtained again, ~~xuax~~ in such cases. It is also not practicable to send separate indents for individual works. The requirements of more than one work will have to be included in the same indent and the cost of the pipes indented for may exceed Rs. 1,000/- though it may be below this figure if the cost of pipes required for each work is calculated separately. As the estimates are sanctioned by Government, I presume that I can place orders for the hume pipes required, with the contractor direct and also incur necessary incidental charges.

3. In this office Ref.C.No.1340/53-B dated 15-5-1953, I had submitted to Government an indent showing the immediate requirements of hume pipes for the works already started. As the pipes are urgently required for the works in question, I am placing an indent for them with the Indian Hume Pipe Co., Ltd., Coimbatore under the I.S.D. rate contract.

Pub(CP)
No Separate Sanction is necessary as the expn is already Sanctioned in the various estimates approved by Govt.

Kind attention is invited to my reference cited.

2. An indent for Hume Pipes has already been placed with the Indian Hume Pipe Co., Ltd., Coimbatore and the supply is expected soon. The consignment will be received at Mangalore Railway Station and it has to be taken delivery of and kept in godowns. Expenditure will have to be incurred in unloading the pipes and conveying them to the godowns, which has to be added on to the issue price. So, in ~~xxxx~~ my report cited, I had requested for sanction to incur the incidental charges. No orders have been received. As the pipes are expected soon, I request that early orders may kindly be issued in the matter. If any formula have been prescribed for fixing the issue rates, I request that particulars of the same may be furnished to me for my guidance in fixing the rates ~~for~~ issued to the beneficiaries.

COMMUNITY PROJECTS AD...

From
Sri K.S. Krishnan, B.E., A.M.I.E., The Project Executive Officer,
Divisional Engineer,
Highways, Erode. Erode.

Roc 03/A5021/53 dated 23-9-53.

Sir,

Sub:- Community projects - Schemes under ASD context - Preparation of project Executive Officers in the list of direct demanding authorities requested

Ref:- Your D.O. No. 1255/53/38 dated 22-9-53.

In the original reference received from the Director of Community Projects, Coimbatore he has detailed the requirements of the three kinds of different schemes in the project area, I find that the departments without the able to assess the exact requirements without the assistance of surveys and estimates in the case of the schemes to be decided on administrative and financial grounds. If you can let me have the particulars of the schemes, in the order of priority, I shall arrange to have them inspected and suggest the suitable economic ones to be undertaken.

Kindly please let me have the particulars.

(Sd) K.S. Krishnan
Divisional Engineer (W).

Copy to the District Community Projects Officer for information.

(True copy forwarded) By order,

C. no. 4548/53. Subj: C. Ps - Communications - Placing of indent under I.S.D. rati contract - by P.E.Os - Proposal.

Ref: From the P.E.O Mangalore 157/52-BO/ 17.4.53.

p 7 cf

p 7 cf may be perused. The P.E.O Mangalore states that the sanctioned works have been entrusted for execution, but no progress could be made as Hume pipes are required in most of the cases. He has also pointed out that the P.E.O Nandyal had received the supply of pipes already.

It is submitted that on the proposal made by the P.E.O Mangalore, the D.G., Supplies & Disposals New Delhi has already been addressed to enroll the P.E.Os as Direct Demanding authorities for indenting Hume Pipes under I.S.D. rati Contract & his reply is still awaited. He may be reminded. Draft letter is submitted for approval.

p 1 cf

p 2 cf

As regards the supply of pipes to the P.E.O Nandyal which the P.E.O Mangalore has pointed out, it is submitted that the former has mentioned in his Quarterly Progress Report for period ending 31-3-53 that the Hume pipes ordered for culverts were delayed for want of wagons (Since arrived) The exact source of supply is not known, but presumably the pipes might have been purchased from the Hume Pipe Co.,

not put up

under public note by the Villagers towards their Contribution.

Since much delay is likely to be caused in getting the pipes after the P.E.Os are enlisted as Direct Demanding Authorities by the D. G. Supplies & Disposals in view of the urgency for the execution of works, P. W. D may perhaps be requested to ~~transfer~~ transfer the ~~received~~ pipes ~~as~~ required to C. P. Works ~~subject to later regularisation~~ ones be obtained by them, wherever necessary | W 27/4

2. From the P.E.O. Mangalore D.O. Ref C.No. 157 /52-B dated 2-5-'53.

The P.E.O. Mangalore is informed that the Director General of Supplies and Disposals has accepted to authorise the P.E.Os to be Direct Demanding Officers under the I.S.D. Rate Contract and orders in this regard are expected to be issued shortly and communicated to them. He is ~~is~~ therefore requested to submit his indent for Hume Pipes under I.S.D. Rate Contract through the D.G. Of Supplies and Disposals, New Delhi immediately.

To the P.E.O.Mangalore
(with Encl p 1 C.F)
Copy to other P.E.Os(with
encl. pl C.F)
Copt to the Director General
S &D New Delhi.

Note.

Submitted for perusal of D.O. from the P.E.O. Mangalore at p.3 c.f. With reference to para 1 of p 3 c.f, C.P.III are separately taking action. With reference to para 2 thereon and D.S's order at 'A' on p.4.C.F, it is submitted that the D.G.of S & D New Delhi has since accepted the proposal for authorising the P.E.Os to be Direct Demanding Officers under I.S.D Rate Contract and issued U.O. instructions to one of his Sections to take necessary action in the matter. Meanwhile, with reference to another letter received from the P.E.O., Mangalore, the P.W.D have been requested (U.O) to state whether they can spare the required pipes from their stock on loan and their reply is awaited. To avoid further delay in the matter, the P.E.O. may be informed of the acceptance of the Proposal by the D.G of S & D and requested to submit his indent for pipes through the Director General. Subject to orders, a draft Memo is submitted overleaf for approval. There is nothing that can be done now but to wait for the authority to place direct

Resubmitted. Ref. DS note on reverse.

~~It is not known whether~~ No further communication in this regard has been received from the D.G of S & D New Delhi, in ~~G.H.Q. Section, has declared the P.E.Os as Direct Demanding officers & intimated the P.E.Os accordingly as per his U.O letter at p 13 ante.~~

We may be requested to state whether the stage at which the matter stands between the ~~has been taken~~ ~~whether action~~ and whether any instructions may be expected ~~accordingly~~. A draft letter is submitted for approval.

(Issued as Lr. No 4548 Pub (PII)/53-40/12.5.53) p 19 ante.

(From the C.E.(H) Memo no. 26915 DB/53-10/14.5.53) p 21 ante.

Pub (C.P) II Deptt.

Please see p. 21 ante. The C.E(H) states that the P.W.D do not generally keep pipes under stock & they purchase the pipes as & when required, that he is addressing the D.E (H) S.K to enquire whether any pipes are available to be spared & that the C.E (G) may also be contacted in the matter.

The C.E.(G) may be requested whether he could spare the required pipes. A draft Memo is submitted for approval.

As amended.

(Issued as Memo no. 4548 Pub (RP.II)/ p 23 ante
53 dt 16.5.53)

Submitted for perusal of p.25 c.f. and its enclosures.

The P.E.O., Mangalore has submitted an Indent in triplicate for Hume Pipes required for works in his area and requests that arrangements may be made to supply the pipes as per Indent since the contractors have collected the other materials.

The orders authorising the P.E.Os to be the Direct Demanding Officers under the I.S.D. Rate Contract are still awaited from the D.G. of Supplies and Disposals, New Delhi. He may be reminded Telegraphically. Subject to orders a draft Telegram is put up for approval. (Actionx has also been taken to address the C.E.(G) to spare the required quantity of Hume pipes from P.W.D. stocks)

Public (C.P)II Department.

Please see pp.35- 45 c.f. This file deals with the procurement of Hume pipes for Government Works in the C.P. Areas. The Chief Engineer (Highways) who has been consulted in the matter to ascertain whether he could spare any pipes from the P.W.D. Stocks, has stated that there is no stock of hume pipes in the South Kanara Division. The P.E.O. Mangalore has however reported that he has since been enrolled as a Direct Demanding Officer by the Director of General of Supplies and Disposals, New Delhi and has placed indent on the Contractor direct. He has requested that no action has to be taken on the ident submitted to Government previously by him. p 37 cf p 41 cf

The P.E.O has further stated that provision has been made in the estimates for the construction of hume pipe culverts that no separate sanction of Government seems necessary for the expenditure to be incurred on the purchase of hume pipes for the sanctioned works and that it is not possible to place separate indents/for pipes required for each work as the P.E.O. has been empowered to incur expenditure only upto Rs. 1,000/- for single item of raw meterial including piling against sanctioned works. He is therefore of the opinion that separate sanction of Government is not necessary in such cases and that he can place indents on the contractors for the puchase of the required p 43 cf

In his subsequent letter, the P.E.O. Mangalore has stated that the supply of pipes is expected shortly, and expenditure has to be incurred on railway freight, transport charges and godown rent and has requested for sanction of expenditure on purchase of pipes to incur incidental charges and instruction regarding fixation of issue price to the beneficiaries.

It is submitted that the pipes obtained at I.D.S.rate contract are meant for only Government works and as such the they may be purchased incurring incidental charges against the sanctioned works. While issues are made to the contractors for use in the works, the amount spent may be recovered from the works bills. Similar question has been taken for consideration in respect of purchase of cement and orders have been issued in the L/F.

On the same lines as indicated in the draft Memo at p. 6 in the L/F, the P.E.O. may be informed in this respect also. Subject to orders, a draft Memo is submitted for approval.

The P.E.Os Palghat and Nandyal have requested that they may be enrolled as Direct Demanding Officers for Cement also to enable them to place indents at I.S.D Rate. It is submitted that in the previous instances, the Director General of Supplies and Disposals has been requested to enlist the P.E.Os as Directo Demanding Officers for Hume Pipes and as it is seen from the reference received from the P.E.O. Mangalore, the P.E.Os have been enrolled as Direct Demanding Officers for Hume Pipes. But no communication has so far been received from the Director General's office in reply to the Letter at p.33 c.f. He may be requested to enroll the P.E.Os as Direct Demanding Officers for cement and other essential articles required for Government works. Subject to orders, a draft letter is submitted for approval.

Perhaps the communication from the D.G. may contain orders relating to all the P.E.Os. Before addressing the D.G. ask for a copy from the P.E.O. A.G. ~~to complete condition~~.

A is approved. D.S. may see

[Issued as memo. No. 4548 Purch(E.P II)/53-8 dt 30.6.53
[From the C.E(G) letter No 2592 AC/53CR dt 22.6.53]

The letter from the Chief Engineer (General) and its enclosure on pp 49-51 C/f may be perused. No action appears called for as it is sent only for information of the Govt.

W.r.t the orders of D.S on p 7 ante a draft II ~~memo is~~ submitted for approval. by office was not put up in view of 10/7/53. AAO's note on prepage. With reference to 'B' on prepage a draft memo is submitted for approval

12.7.53.

[Issued as Memo. No. 4548/53-8 dt 13.7.53] — p 53 C/f.
[From the Directorate General of S&D, New Delhi S&I-1(Rc/3683/Misc/IV/53 dt 26.6.53] — p 55 C/f.

The letter from the Director General of Supplies and Disposals on p 55 C/f may be perused.

He has stated that the P.E.Os have already been included as Direct Demanding Officers ~~as suggested~~ in the letters referred to at 'A' on p 55 C/f and that 4 further rate contracts are under finalisation and the P.E.Os in these two contracts have also been included as Direct demanding Officers. ~~Copies~~ Copy of letter on p 55 C/f may be communicated to the P.E.Os for information.

The receipt of the letter may be acknowledged as desired.

The reply from the P.E.O. Mangalore to

Subject to orders, the draft endorsement
onp 55 cf and a draft letter below
are submitted for approval.

[Issued as Endt. No 4548 Pub(E-PII)/53-10 dt 20-7-53]

[Issued as letter No. 4548 Pub(E-PII)/53-11 dt 20-7-53]

[From the P. E.O. Mangalore Rc. No 13470/53B dt 20-7-53]

Please see the letter onp
59 cf and its enclosures transfer onp blg
in reply to this dept Memo onp 53 cf.

It is seen that all P. E. Os have
been included in the Rate contract for
the supply of cement concrete / spun pipes
& collars. Hence no further action
seems called for in this bile.
This may be closed as a Rt Lto. to facilitate
future reference.
